STOCKMAN SWAG

Top Entry swags with a fibre hoop at the foot and head great for camping in sandy conditions with no openings down low, all swags have extra fine mesh to keep the smallest of bugs out. Bases are made from a heavy duty Vinyl to prevent dampness rising and damage when rolling.

SHEARER SWAG

An easy swag to set up, just unroll and get in or use fibre glass hoop in the foot end and tie the head end to something stable. Shearer swags have fine mesh in the head (and double foot)

to keep out the smallest of bugs.

Bases are made from a heavy duty PVC to prevent dampness Rising and damage when rolling.
